REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Monhegan, Greetings:

As I sit here at my desk this morning and begin to make a list of the various matters to which I should call your attention in this, my 13th annual report, I realize that each year my reports are similar and I see no way to make them otherwise. Always there are the tangible facts of enrollment, name of teacher, finances, textbooks, equipment and repairs. And always there is the intangible purpose of all our money and labor, to so guide the boys and girls of Monhegan that they may "increase in wisdom and stature and in favor with God and man".

I wish it were possible for me to spend a pleasant evening with each interested father and mother, discussing the development of their children and the co-operative task of school and home in guiding them to happy and successful living in a democratic society. I wish I might talk personally with each taxpayer whose money makes the public schools possible, render a specific accounting of each dollar spent, admit occasional mistakes and yet assure him that we plan carefully and expend the funds entrusted to us as wisely as we know.

Yet these few pages of a town report must largely take the place of such conferences.

The school census of last April showed that there were 29 young people between the ages of 5 and 21 who were Monhegan residents. 12 pupils are enrolled in the school this winter term. They are:

George Green, Betsy Pierce, Lorraine Richardson and Sherman Stanley in Grade VII.

Betty Field and William Orne in Grade VI.

Virginia Stanley in Grade V.

Leonebel Connaway in Grade IV.

Vinal Foss and Walter Green in Grade III.

Enid Stanley in Grade II.

Philip Orne in Sub-Primary.

In addition, Jeanette Foss is taking High School work, studying at school mornings, without taking the teacher's time from the elementary pupils, and reciting after school at night.

Raymond Orne is studying at a Diesel Engineering School in Chicago, Gladys Hutchins is a Junior at Thomaston High, Maurice Davis is a Senior at South Portland, Natalie Orne is a Senior at Rockland, Alfred Stanley is a Sophomore at Friendship and Margaret Woodward is a Freshman at Bath.

I believe that the school is fortunate in having the services of Miss Margaret Bartlett for a second year. While my visits to the school usually number two a term, six each year, they are of such duration that there is probably no one of my schools in which I understand so well the ability of the teacher and the progress of the boys and girls in their studies. My general observations indicate that the Monhegan children are doing well; the tests which I give each June show the same thing. When I corrected the tests which our two eighth graders took last June, I found that both rated above the national standard for eighth grades and preparation for High School.

The school is equipped and supplied with satisfactory materials. I wish to recommend such appropriations at Town Meeting as will enable us to maintain present standards.

In conclusion let me say that the lot of anyone who

is fortunate enough to be superintendent of the Monhegan School should be a happy one.

Respectfully submitted,
HAROLD B. CLIFFORD, Supt.
